

# Coastal & Waverly

## Technical Specifications

Pile material	100% Vinyl Coated Polyester
Warp and Weft content	Vinyl Coated Polyester
Warp (reed)	16 per CM
Weft (pic rate)	8.5 per CM
Woven Fabric Weight	20oz per square yard
Cushion Backing	32oz polyurethane cushion with felt
Cushion Density	18 pounds / cubic ft.
Total Height	Approx. 0.125 inches
Width	12 foot (3.66M)
Origin	USA
Indoor Suitability	Heavy residential, Contract / glue down or loose lay
Outdoor Suitability	Direct Sun & Rain / glue down or loose lay
Colorfastness to Light	Rating @ 200 AFU – 5 negligible or no change
Colorfastness to Ozone	Rating @ 3 cycles – 5 negligible or no change
Fire Rating (ASTM International E648-19a)	Class I (0.64 W/cm <sup>2</sup> )
